

GREAT NEWS FROM WORD OF LIFE SPAIN

...be strong in the grace we have in Christ Jesus. 2 Timothy 2:1

Greetings from Barcelona hoping that the good hand of God be with you in all your ways. This are wonderful days watching the Lord work and confirm things for which we have prayed for the last two years.

First: "A generation of young people that serve the Lord" You were part of the camp ministry in prayer and financially, this week that investment is reflected in the lives of two young men, **Jacob Perez**, who for more than 10 years was a declared agnostic and involved in the drug world. He became a Christian the last day of camp on the bus on the way back home. Today, with great joy, we sent him on a new challenge, to study the Bible in the Word of Life Institute in Argentina. Our Church praises God and days of revival are being produced by a new generation that loves the Lord. A few days later another young man of our church, **Gabriel Penalva** and the **Cabello family**, departed from the Barcelona airport to go to the same place, this is amazing, wonderful and incredible. God is bringing fresh water to our lives and renewing the vision of

the churches in the region, where nothing was happening, our hope today is enlarged through transformed lives. Hallelujah.

Second: "A generation of leaders who reproduce suitable leaders to serve the Lord." We really have no words to thank for this week the moving of God in each meeting, as well at every opportunity we had to share our vision with influential pastors and leaders from different denominations and mission boards, including some of them who represent all Christians before the Spanish Government. Our main objective was to get to know and see the reality of our country, establishing a beautiful fellowship to spread the gospel of Christ.

On Friday 22, we had a regional meeting with pastors from Galicia, Madrid, Basque Country and Barcelona, where Ken Lassiter from FBCW www.fbcw.org explained how to develop this partnership and be effective. We thank God that we have a representative of Word of Life in each of these places.

Our guys going to the Bible Institute

More than 70 leaders attended our Leadership School

On Saturday 23 we had our main event the "Leadership School" with three sections that brought a tremendous challenges all day long. A total of 77 leaders and staff from different parts of the country, representing 13 churches attended. Some local leaders from **Escrituras Online, Christian Assemblies** and **IMB** had a few minutes to give a reporter and share what God is doing in their ministries. The spirit was amazing, and the people praised the Lord for the way in which each subjects were exposed. This has opened a new way for the ministry of Word of Life. God is gracious to us bringing new missionaries like **John Mark Radziwiluk**, God used him through the translation of messages and helping **Ken Lassiter** throughout the week. **Seth Kitchen** has also come, which has been very important to meet and learn at each meeting with different leaders of our country and plan together. Thank God for our new friends **Jonathan Carter** and **Jose Reho** who cooperated in many aspects of our ministry. It was an unforgettable week that only time will tell about its importance.

New challenges lie ahead:

- **Leadership** Training (month of April to June)
- **Family Day** (event) with the visit of Joe Jordan, where there will be gathered over 3000 people from the three major denominations.
- **Production** of Bible Club Materials: **\$ 5000,00** (2013-2014)
- **Equipment** for Camps and "Born Again" program: **\$ 7000,00** (July 2013)
- **Summer** camp Scholarships for **100 young** non-Christians. **\$ 20,000.00**
- **A vehicle** for the ministry with 9 seats and for the beginning of the campaigns with Born Again to a Living Hope from this summer 2013. **\$ 20,000,00**
- The purchase of our **headquarters office** for teamwork, leadership training, printed materials production, hosting and an English academy. We are looking for the best place and price!
- **The arrival** of three missionary families before July.

We trust that the best things are still to come, I have no words to describe the blessing of living in a country where everything is prepared to exploit the power of the Gospel and Christ. The statistics say that 0.05% of 47 million people are Christians, and hundreds of villages have no churches, but God has called us to break the statistics, join us in this challenge of God's grace for Spain.

"We're in the same boat serving the same master, Jesus Christ"
